# WORLD ACADEMY FOR THE FUTURE OF WOMEN

The World Academy for the Future of Women is a bold and daring leadership program focused on developing young women for leadership roles that will address and achieve the United Nations' Millennium Development Goals (UN-MDG). The World Academy was launched at Sias International University in 2009 in Xinzheng, Henan Province, China. The World Academy grew from a one-year program for 100 women to a multi-level, multi-year program for women, and a Men's Academy for the Future of Women, a program requested by male students which now echos the women's program and prepares men to support the advancement of women.

## PURPOSE

To advance and accelerate the leadership of women worldwide.

## MISSION

To empower women through the discovery of their passion, purpose, and path to success, calling forth the full expression of human possibilities through collaborative and inclusive partnerships.
